

Profam - Buenos Aires

This project provides a house where disadvantaged children in a very lawless and deprived area of Buenos Aires meet in a safe environment. Education and counselling are provided.

You give them a safer place to live

You can make a difference . . .

- It is simple and easy for you to do**
- You assist them to self-sufficiency**
- You get them back into the mainstream**
- You offer them a more secure future**
- You give them a safer place to live**

You can make a difference . . .

By helping Partnership America Latina bring about a change to the worst excesses of poverty in Latin America.

All projects are directed by the Little Sisters of the Assumption.

Community Centre Arequipa, Peru

Your donation funds a project that helps over 100 deprived children who come to the Community Centre on a daily basis. Your aid allows the children to have a pride in their own Inca and Andean culture. They are taught history, music, dance and drama. They also acquire a basic education and computer skills to enable them to get employment.

You assist them to self-sufficiency

Displaced Children Cali, Columbia

You come to the aid of the countless little children uprooted by the conflict in Columbia. Their families are among the million and more who have been displaced by the activities of FARC guerrillas, right wing militia and drug barons. The project you support helps these children, who are too malnourished and poor for mainstream education, to be fed and given specialised teaching. This enables them to reintegrate into society.

You get them back into the mainstream

Child Workers in Lima, Peru

You will be feeding children, as young as 5 years of age, who work to support their impoverished families. Their jobs include shining shoes, collecting rubbish or selling items on the streets. 40% of these children suffer from malnutrition. The Mantoc Project supplies them with two meals a day, education and training and the means to a more secure future.

You offer them a more secure future
